Fargol Pooya Tejarat specializes in the production of various PET preforms in different neck sizes and weights, tailored for use in the beverage, food, pharmaceutical, cosmetic, and hygiene industries. Our products are fully compliant with health standards, and the company is also equipped to produce both transparent and colored preforms for diverse applications

We specialize in the production of various PET bottles and jars in a wide range of volumes and designs. Our products are designed with precision to meet industry-specific standards, ensuring compatibility with automated filling lines and adherence to stringent health and safety regulations. Our advanced manufacturing processes enable us to deliver bottles in multiple shapes, sizes, and colors, providing tailored solutions that meet the specific needs of our clients

Another key product of our company is the production of various PET bottle caps in a range of sizes and colors. These caps are manufactured using high-quality raw materials and in accordance with international standards to ensure they offer high durability and strength, fitting perfectly on the bottles produced by various companies. Additionally, these caps can be customized based on the specific requirements of customers in terms of size, color, and packaging type
